

## 10 Reasons to Grow Minis

1. Miniatures are easy to grow!
2. Minis tend to tolerate mistakes better than hybrid teas, so they are especially good for beginners.
3. Tolerance to disease (with the exception of spider mites) is greater.
4. Minis bloom throughout the growing season. It's always easy to pick a bouquet.
5. There are a large number of colors and varieties available.
6. Plants are inexpensive and quite productive by the end of their first growing season.
7. Plants may be started easily from cuttings.
8. Can be grown in homes with limited yard space.
9. Minis make an excellent border plant for the home.
10. Minis may be grown in hanging baskets or pots.
